

WaterForce hard hose irrigators

OCMIS Micro Rain – 360° rotating units

Model: MRR and R1AT15

Features:

- MRR – water turbine drive system flanged on gearbox with external bypass
- MRR – automatic lifting device of trolley
- R1AT15 – 3-speed gearbox to allow for both low and high application rates
- R1AT15 – mechanical lifting device of trolley
- Backup manual and PTO wind-in included
- Automatic water inlet shut-off valve
- Optional computer speed control for precision application
- Sime raingun technology

Common sizes:

MODEL	HOSE DIAMETER	HOSE LENGTH
MRR	50mm	230m
MRR	58mm	200m
R1AT15	50mm	250m
R1AT15	58mm	250m
R1AT15	63mm	200m
R1AT15	70mm	150m
